Mumbai, June 8:

ICICI Bank on Wednesday said it has added five more features, including instant tax payment and rail ticket booking, on its mobile banking app, 'iMobile'.

India's largest private sector bank said customers can also add an extra layer of security to their cheque-based transactions with 'Positive Pay', apply for a personalised Expressions Debit Card and purchase travel and motor insurance as well as mutual funds via its banking app.

In a statement, the bank said, users can now avail themselves of over 150 services on 'iMobile'.
