You can visit any SBI branch with a copy of your Aadhaar number or e-aadhaar.

State Bank of India (SBI) has asked its customers to submit their 12-digit Aadhaar number and permanent account numbers (PANs) by December 31, 2017. According to a government rule, all bank account holders have to link their Aadhaar card, issued by the Unique Identification Authority of India (UIDAI), with their bank accounts. This happened after the amendment of the Prevention of Money Laundering Act (PMLA). In fact, all Indian citizens have to now link their Aadhaar number with their mobile numbers, social security schemes, and other essential facilities.

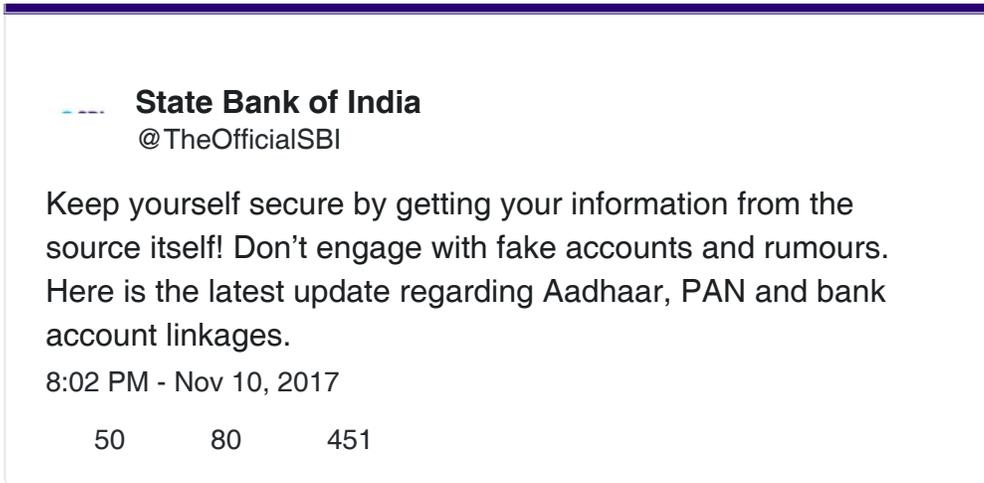

SBI thus reminded its existing customers to submit their Aadhaar number as well as PAN to the bank by December 31, 2017.

**IMPORTANT ANNOUNCEMENT**

As per amended PML Rules dated 1st June 2017, all existing customers are requested to submit **Aadhaar and Permanent Account Number by 31st December 2017**, failing which the account shall cease to be operational, until the same has been submitted.

A graphic with a dark blue background and a light blue curved corner on the right side. It features the SBI logo in the top left, followed by the heading 'IMPORTANT ANNOUNCEMENT' in white, bold, uppercase letters. Below the heading is a paragraph of white text providing details about the deadline for linking Aadhaar and PAN numbers to SBI accounts.

If you have still not linked your Aadhaar number with SBI account, here is how you can do it:

Aadhaar linking through SBI internet banking portal or online

If you are an internet banking user, then you can log into [www.onlinesbi.com](http://www.onlinesbi.com) and access the link "Link your Aadhaar number" under "My Accounts", appearing on the left panel of the screen.

On clicking the above link, you will be directed to a screen where you have to select the account number, input the Aadhaar number and click on 'Submit'.

The last 2 digits of your registered mobile number (non-editable) will be displayed to the customer.

The status of mapping will be advised to the customer's registered mobile number.

## Aadhaar linking through ATM channel

You can access any of SBI's ATMs and link your Aadhaar with your SBI account.

After swiping the ATM card and entering your PIN, select the menu "Service - Registrations".

In this menu, select Aadhaar registration (or inquiry as per your need).

You can now select the account type (Savings/Checking) after which you will be asked to enter your Aadhaar number. You will be prompted to re-enter the same.

## Aadhaar linking through SMS

If your mobile number is registered with the SBI, you can send SMS (short message service) to 567676 in the following format: UID(space)Aadhaar number(space)Account number

If the mobile number is not registered or in case your Aadhaar number is already linked to account, an SMS reply will be sent to you.

If your mobile number is registered with SBI, you will receive an SMS confirmation of the seeding request.

The Aadhaar number will be verified by SBI with UIDAI. In case it fails verification, an SMS will be sent to you to contact any SBI branch along with Aadhaar number or e-aadhaar.

## Aadhaar Linking through Branch channel

You can visit any SBI branch with a copy of your Aadhaar number or e-aadhaar.
