RBI seeks update on payments data storage every fortnight

BY PTI | UPDATED: JUN 10, 2018, 06.47 PM IST

Post a Comment

NEW DELHI: Amid concern around data security, the [Reserve Bank of India](#) is learnt to have asked payment services firms to provide an update on action taken by them to store transaction data in the country in every fortnight.

Big Change:
[The end of Five-Year Plans: All you need to know](#)

"You are hereby advised to inform the status of ensuring compliance...The same shall be submitted by June 8, 2018, followed by an update on progress at fortnightly intervals thereafter," the [RBI](#) said in the letter referring to its order dated April 6, 2018.

A payment bank official on the condition of anonymity confirmed receipt of the RBI letter.

According to the order issued on April 6, all payment system providers including [payments bank](#), payment gateways are required to ensure that full end-to-end transaction details relating to payment systems operated by them are stored in a system only in India within a period of six months from the date the order was issued.

The RBI has said that ensuring the safety and security of payment systems data by adoption of the best global standards and their continuous monitoring and surveillance is essential to reduce the risks from data breaches while maintaining a healthy pace of growth in digital payments.

The banking regulator had further said that at present "only certain" payment system operators and their outsourcing partners store the payment system data either partly or completely in the country.
